

## CREATE A DATABASE IN CLOUDANT DB

Date	17 November 2022
Team ID	PNT2022TMID47535
Project Name	Personal Assistance for senior who are self-reliant

### Created a Database in Cloudant DB:

The screenshot displays the Cloudant Databases dashboard in a web browser. The browser's address bar shows the URL: `1f224923-4e6c-42de-9cfe-e22ae698f029-bluemixcloudant.com/dashboard.html`. The dashboard has a dark sidebar on the left with various icons, including a 'Log Out' button at the bottom. The main content area is titled 'Databases' and includes a 'Database name' dropdown menu. Below this, there is a table titled 'Your Databases' with the following columns: 'Name', 'Size', '# of Docs', 'Partitioned', and 'Actions'. The table contains one entry: 'sample', which has a size of '16 bytes', 1 document, and is not partitioned. The 'Actions' column for 'sample' includes icons for adding, locking, and deleting the database. At the bottom right of the dashboard, it indicates 'Showing 1-1 of 1 databases.' and 'Databases per page 20'.

Name	Size	# of Docs	Partitioned	Actions
sample	16 bytes	1	No
